

## Support document of Vertical Family Tree

First go to your Joomla! admin panel click on install/uninstall then select com\_familytree.zip and install it then create one link in main menu Vertical Familytree and redirect it to “[index.php?option=com\\_familytree&view=familytree&layout=default1](index.php?option=com_familytree&view=familytree&layout=default1)”

Then go to frontend click on Vertical **Familytree** which is created in main menu

The below screen will be opened after you have logged in

Which displays records in your family tree

Click on new to add more records

The screenshot shows the Joomla! website interface. At the top left is the Joomla! logo with the tagline "...because open source matters". To the right is a news snippet: "Yesterday all servers in the U.S. went out on strike in a bid to get more RAM and better CPUs. A spokes person said that the need for better RAM was due to some fool increasing the front-side bus speed. In future, buses will be told to slow down in residential motherboards." Below the logo is a navigation menu with "About Joomla!", "Features", "News", and "The Community". A search bar is located in the top right corner.

The main content area is titled "Tree Management" and contains a form for adding a family member. The form fields are:

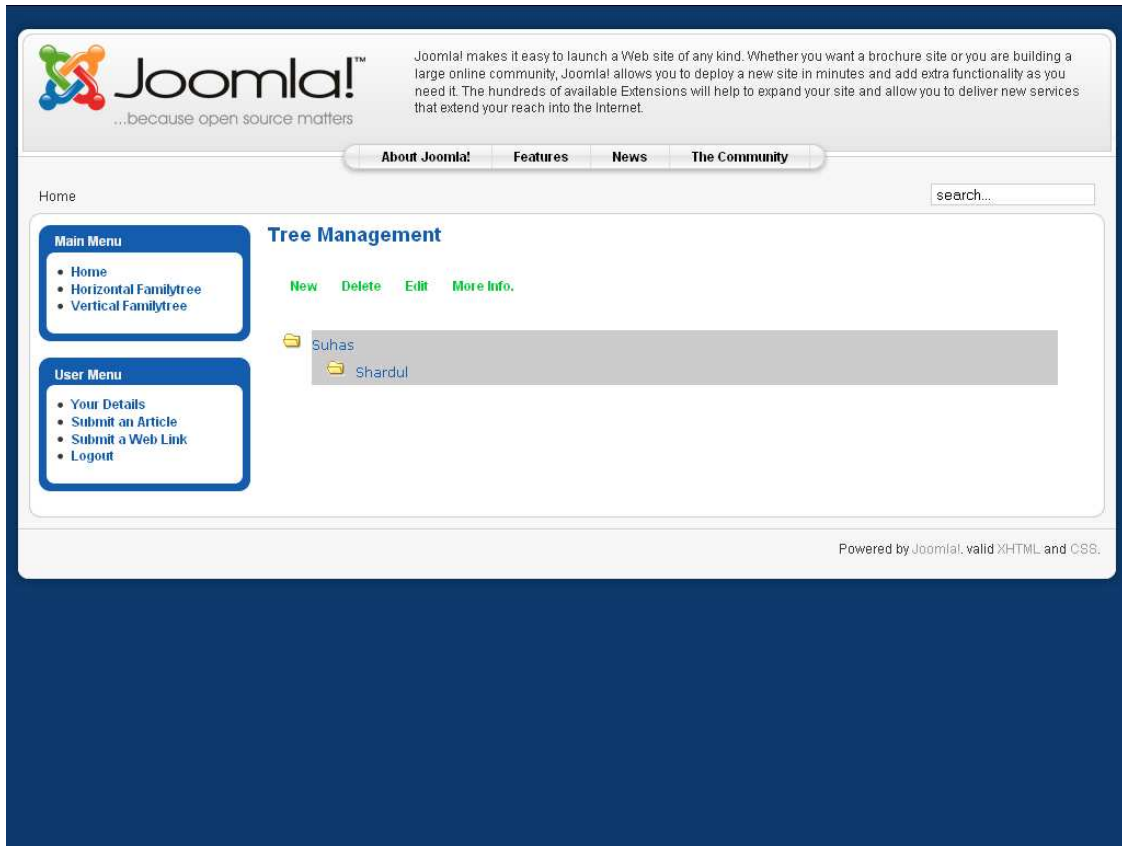

- Name:** A dropdown menu with "Mulpurush" selected.
- Gender:** Radio buttons for "Male" (selected) and "Female".
- Birthdate(YYYY-MM-DD):** Two input fields for year, month, and day.
- Parent Id:** A dropdown menu with "Main" selected.
- Comment:** A large text area for additional information.
- save:** A button at the bottom of the form.

On the left side, there are two menu boxes: "Main Menu" with links for Home, Horizontal Familytree, and Vertical Familytree; and "User Menu" with links for Your Details, Submit an Article, Submit a Web Link, and Logout.

At the bottom right of the page, it says "Powered by Joomla!, valid XHTML and CSS."

Select mulpurush which is first person of your family  
Then add name sex,birthdate then select parent id and click on save button you can add,edit,delete or see more information of a particular node(Family member)

Click on any node for this the hyperlink is given to each node for its detail

To see subtree click on names of family members to see corresponding tree of each node
